TRANSPORTATION SAFETY PLAN

Because Audeo Charter School and The Charter School of San Diego (“CHARTER SCHOOL” or the “Charter School”) provides transportation to CHARTER SCHOOL activity, the Board of Directors (“Board”) approved the following transportation safety plan, which contains procedures for Charter School personnel to follow to ensure the safe transportation of students. A copy of this Plan will be kept at each CHARTER SCHOOL and will be made available upon request to an officer of the Department of the California Highway Patrol. Students shall be informed that any violation of Charter School policies and procedures, including violation of safety procedures on a school bus or school activity bus, could result in discipline pursuant to the CHARTER SCHOOL discipline policy.

Definitions

- “*School bus*” is any motor vehicle designed, used, or maintained for the transportation of a Charter School student at or below the grade 12 level to or from Charter School Resource Center or to and from Charter School activities. “School bus” does not include a passenger vehicle designed for and when actually carrying not more than 10 persons, including the driver, except any vehicle or truck transporting two or more students who use wheelchairs.

“*School activity bus*” is any motor vehicle, other than the school bus, operated by a common carrier, or by and under the exclusive jurisdiction of a publicly owned or operated transit system, or by a passenger charter-party carrier, used under a contractual agreement between Charter School and carrier to transport Charter School students at or below the grade 12 level to or from a Charter School activity, or used to transport students from residential schools, when the students are received and discharged at off-highway locations where a parent or adult designated by the parent is present to accept the student or place the student on the bus.

Determining Whether a Student Requires an Escort

If the Resource Center or school activity destination is located on the opposite side of the street of the actual bus stop, then Charter School and California Vehicle Code section 22112(d) require the student to be physically escorted by the bus driver across that street and under the bus drivers’ direction and supervision. The bus driver will be required to activate the school bus red flashing crossover lights and if so equipped, the stop arm, and physically get out of the bus to assist the students safely across the street. Charter School requires ALL students who cross the street, be physically escorted by the bus driver with crossover lights and signs being activated.

Procedures for Kindergarten through Eighth Grade Students Regarding Boarding and Exiting the Bus

CHARTER SCHOOL has created the following procedures to govern the safe entry and exit of kindergarten through eighth grade students to and from the school bus. Exiting:

1. Students shall stay seated until the bus comes to a complete stop.

8. Students must avoid trespassing on other people's property, stay on sidewalks when possible.

Procedures for All Students to Follow as They Board or Exit a School Bus at CHARTER SCHOOL Resource Center or Other School Activity Location

CHARTER SCHOOL has created the following procedures to govern the safe entry and exit of all students at Charter School Resource Center or other school activity location.

Boarding Buses at Resource Center or School Activity Location:

1. The school bus driver may not activate the flashing amber warning light system, the flashing red light signal system, and stop signal arm at any school.
2. The driver will monitor the students' entry onto the bus to ensure an orderly and safe entry for all students.
3. The group of students, along with the teacher(s) and any other adult personnel attending a school activity, shall assemble in an area away from the school bus to wait. When the students are ready to load, the Charter School staff shall inform the driver, and the driver will begin the boarding process.
4. Upon completion of the boarding process, the driver will proceed with the bus evacuation and safety presentation, described below. This shall include an explanation and demonstration of all emergency exits, first aid kits, fire extinguishers, etc.
5. Upon completion of the presentation, the driver shall have the Charter School teacher or head chaperone sign a trip sheet, acknowledging the presentation has been given. The driver will then depart when safe to do so.

Exiting Buses at School Site or School Activity Location:

1. Upon arrival at Charter School Resource Center, the driver shall take the bus to the designated student drop off area.
2. Upon reaching the designated area, the driver will park the bus and open the door when it is clear and safe to do so. The flashing red signal lights will not be activated.
3. Upon arrival at the school or school activity destination, the driver will select an area where the bus can be lawfully parked and the boarding/exiting of students can be reasonably controlled.
 - a. The driver will confer with the Charter School teacher/head chaperone regarding the time and location where the group will assemble to reload the bus.
 - b. When it is clear and safe to do so, the driver will have the students disembark the bus. The flashing red signal lights will not be activated.
 - c. When the Charter School teacher/head chaperone has confirmed all students are accounted for, the group may proceed to the trip.
4. Students exiting the bus at either Charter School Resource Center or a school activity location should do so in an orderly, respectful, and appropriate manner, following all instructions from Charter School staff and the bus driver.

Procedures for School Staff to Ensure a Student is Not Left Unattended on a School Bus or School Activity Bus

CHARTER SCHOOL staff members should always be involved and active in the supervision of the loading and unloading of students at Charter School Resource Center and on activity trips to ensure no student is left unattended on the school bus or school activity bus.

To do this, CHARTER SCHOOL staff shall adhere to the following procedures:

1. Before leaving the Resource Center for a school activity, the Charter School teacher/head chaperone for the trip shall ensure they have a copy of the class roster with all student names.
2. Once the bus reaches the destination, a Charter School teacher/head chaperone shall be the first person off the bus and will note each student who exits the bus by comparing the exiting students against the class roster.
3. A Charter School staff member/chaperone shall be the last person to exit the bus at each stop to ensure no students are on left board. Before exiting the bus, the staff member/chaperone will walk up the aisle, checking each seat and area on the floor by each seat to ensure no students are present.
4. Once all students and staff/chaperones have exited the bus, but before leaving for the designated activity, the Charter School teacher/head chaperone will conduct another roll call by calling out each student's name and waiting for verbal and visual confirmation from the student of being present.
5. The Charter School teacher/head chaperone will discuss with the bus driver a way to contact each other in the event it is later discovered a student is still on the bus.

Procedures and Standards for Designating an Adult Chaperone, Other than the Bus Driver, to Accompany Students on a School Activity Bus

CHARTER SCHOOL shall follow its applicable policies and procedures, including its visitor and volunteer policy, for designating an adult chaperone other than the school bus driver to accompany students on a bus or a school activity bus. All appropriate background checks will be conducted on any chaperone prior to the chaperone's attending a school trip or school activity bus.

Instruction in School Bus or School Activity Bus Emergency Procedure and Passenger Safety

CHARTER SCHOOL shall ensure that all students who are transported in a school bus or school activity bus receive instruction in school bus emergency procedures and passenger safety.

Instruction for Students who were not Previously Transported in a School Bus

Upon registration, the parents/guardians of students who were not previously transported in a school bus or school activity bus and who are in kindergarten through grade 6, inclusive, shall be provided with written information on school bus safety. This information shall include, but not be limited to, the following:

1. A list of school bus stops near the student's home.

 - d. Acceptable placement of the passenger restraint systems when not in use.

Operation of School Bus or School Activity Bus when Visibility Reduced to 200 Feet or Less

Pursuant to Vehicle Code section 34501.6, CHARTER SCHOOL is required to adopt procedures that limit the operation of school buses and school activity buses when atmospheric conditions reduce visibility on the roadway to 200 feet or less during regular home to school transportation service. Bus drivers of school activity buses shall have the authority to discontinue school activity bus operation if the driver determines that it is unsafe to continue operation because of reduced visibility.

For purposes of this Plan, the procedures for school bus drivers shall be as follows:

1. The school bus driver will notify the Executive Director that atmospheric conditions have reduced visibility to 200 feet or less.
2. The Executive Director may consult with legal counsel as needed.
3. The Executive Director may direct that school bus activity will be suspended or delayed for a minimum of one (1) hour through an indefinite suspension or delay if required by the conditions. The length of time for the suspension or delay of school bus services shall be at the discretion of the Executive Director.

School Employees and Parent/Guardian as Chaperones and Drivers (Private Passenger Vehicles)

As field trips and excursions are an integral part of the Charter School learning experience, parents are encouraged to participate in an assisting role with students. The Executive Director or the coordinating teacher will provide parents and guardians with specific supervisory guidelines prior to any Charter School group trip involving students. Topics to be included are safety regulations, emergency responses, and responsibilities of the parent volunteers and language or behavior requirements of all attendees.

A participating parent or guardian may be assigned to a specific group of students to supervise and will be responsible for these students at all times during the field trip or excursion. Under no circumstances will a parent or guardian consume alcohol or use controlled substances (except for medications taken under a physician's orders) during a field trip or excursion. The parent or guardian will notify the coordinating teacher, in advance of the field trip or excursion, should he/she be under a physician's orders and using medications.

Parent/guardian or staff may transport students in their private vehicles for field trips. Parents may decline permission for their child to be transported by a staff member/other parent or guardian in a private passenger vehicle, in which case that student will be responsible for his/her own transportation.

All adults taking out-of-state field trips or excursions (including athletics meets and games), and all parents or guardians of pupils taking out-of-state field trips or excursions (including athletics meets and games) are required to sign a statement waiving all claims against Charter School, its employees, and the State of California for injury, accident, illness or death occurring during or by reason of the field trip or excursion (including athletics meets and games).

At all times during the field trip or excursion, employee and volunteer drivers will use the safest mode of transportation and the safest and most direct routes of travel. If travel is not by bus, the legal occupancy limit of ten (10) occupants (including the driver) must not be exceeded, all speed notices must be strictly adhered to and students are to be seated with individual seatbelts at all times.

CHARTER SCHOOL shall take reasonable precautions to ensure that all employees and volunteers who transport students are responsible and capable operators of the vehicles to be used and ensure compliance with Driver Requirements as follows:

Employee or volunteer drivers who offer to provide transportation for a field trip or excursion (including athletics meets and games) must provide a copy of the following:

1. Proof of liability insurance for their vehicle with a minimum of \$100K/\$300K coverage.
2. A copy of their Driver's License and Vehicle Registration.
3. A written statement acknowledging that their insurance carrier is the primary agent responsible for insurance during the field trip or excursion.

Employees or volunteers whose DOJ report reveals a Driving Under the Influence conviction shall not be permitted to transport students or operate any vehicle on Charter School business for ten (10) years from the date of the conviction. Any employee or volunteer convicted of a felony shall not be permitted to transport Charter School students on Charter School business.
5. A Department of Motor Vehicles record. Employees or volunteers with driving records with two (2) points or more shall not be permitted to transport students or operate any vehicle for Charter School field trips and excursions.

Each of these items will be provided to the Executive Director or coordinating teacher prior to driving on a field trip or excursion.

Under no circumstances shall students transport other students.

For the employee's/volunteer's safety and that of all the students in his/her car, the following rules apply:

1. All Charter School rules apply to students in the car. Employee/volunteer drivers are free to appropriately manage student behavior as necessary to maintain safety.
2. All California driving laws must be followed including child restraint laws: no texting or distracted driving, hands-free phone use only.
